

## ENVIRONMENTAL POLICY

PTL Building Services Ltd is a provider of services to commercial and industrial buildings on behalf of our customers. We are fully committed to achieving best practice by conducting our activities such that we continuously recognise our responsibilities to the environment.

Our aim is to continually improve our environmental performance and to provide our clients with the appropriate level of support in order for them to achieve and maintain their environmental goals and aspirations.

This commitment is accomplished by:

- Integrating environmental considerations into our business planning and decision making
- Being aware of our client's environmental policy and strategy; proactively participating to achieve further improvements.
- Identifying, evaluating and managing environmental aspects associated with our activities to eliminate or reduce the likelihood of adverse impacts on the environment.
- Setting and reviewing of appropriate environmental objectives and targets as required
- Continuously monitoring the Company's environmental performances by use of management review systems and procedures
- Complying with all applicable legislation and regulatory statutory requirements as appropriate for each local area.
- Committing to the prevention of pollution of all Company activities.
- Training all employees in environmental matters appropriate to their role
- Conserving resources by the efficient consumption of energy and materials
- Implementing waste minimisation programmes where required
- Encouraging all suppliers and subcontractors to develop environmental policies endeavouring to ensure that they comply with environmental requirements
- Co-operating and communicating openly with all relevant parties towards the shared goal of improving the environment,
- Ensuring that this policy document is made available to clients and employees.

The Company will comply with statutory and local authority waste disposal requirements.

The Company will dispose of hazardous waste in accordance with COSHH requirements.
